SUMMARY

Passionate **Full Stack MERN Developer** with strong problem-solving skills and a solid foundation in **C++ and DSA**. Experienced in building scalable web applications with clean architecture and responsive **UI/UX**. Skilled in **Node.js, Express, React, and MongoDB,(SQL, NoSQL)** with a focus on performance, scalability, and seamless user experience.

EDUCATION

Netaji Subhash Engineering College

2023 – 2027

B.Tech - Computer Science and Engineering - CGPA - 7.09(till 6th Sem)

Kolkata, West Bengal

PROJECTS

Doctor Appointment Web [🔗](#) | [MongoDB](#), [Express.js](#), [React](#), [Node.js](#)

Jan 2026

- Designed and developed a scalable MERN-based healthcare platform supporting patients, doctors, and administrators.
- Developed REST APIs handling appointment scheduling and doctor availability management.
- Implemented JWT authentication and role-based authorization.

Text To Image Generator [🔗](#) | [MongoDB](#), [Express.js](#), [React](#), [Node.js](#)

April 2025

- Developed an AI-powered web app that converts user text prompts into images using OpenAI's image generation API, with secure backend integration in Node.js and Express.
- Designed an intuitive and responsive React-based UI with real-time image rendering and cloud storage via Cloudinary for optimized performance.
- Implemented RESTful APIs, JWT authentication, and MongoDB database to store user prompts and generated results, ensuring scalability and smooth user experience.

Video Calling Chat App [🔗](#) | [MongoDB](#), [Express.js](#), [React](#), [Node.js](#)

Jan 2025

- Built a real-time video calling and chat app using WebRTC, React.JS, and Node.js for seamless peer-to-peer communication.
- Implemented secure authentication and dynamic room creation for private video and chat sessions.
- Used MongoDB for message storage and optimized async event handling for smooth streaming performance.

TECHNICAL SKILLS

Languages : C, C++, Python

Technologies/Frameworks : HTML5, CSS3, React.js, Node.js, MongoDB, Express.js, Javascript, SQL, TypeScript, Bootstrap, Tailwind CSS

Coursework : Data Structures Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, Software Engineering

Developer Tools : VS Code, MySQL, Canva, Git, GitHub

Soft Skill : Leadership, Team Collaboration, Problem Solving, Communication

CERTIFICATIONS

- Open Source GitHub Certificate - GDSC

ACHIEVEMENTS

- * Earned LeetCode 50 Days and 100 Days and 200 Days and 365 Days Coding Streak Badges, demonstrating consistency and strong problem-solving commitment with **400+ problems solved**.
- * Completed the GeeksforGeeks 100 Days Coding Challenge, showcasing consistency, dedication, and continuous problem-solving improvement with **450+ problems solved**.
- * College Hackathon - IEM Kolkata
- * College Hackathon - NIT Rourkela
